CANDIDATES FOR THE BALL NINE-JUNIOR

SPEAKERS AND THEIR SUBJECTS. New-Haven, March 16 (Special) .- It is stated that \$4,000 have been subscribed by active members of Belta Kappa Epsilon Junior Society for the new society building, and alumni of the society \$2,000 more. A feature of the structure will be provision

The candidates for the baseball team are playing as follows: First base, Stephenson, Reed, Fiske, Quimby, Speer, Keator; second base, Colgate, Oll-Quimby, Hazen, Root and Sloan; pitchers, Trudeau, Smith, Thompson, Gunther, Chamberlain, Feeter, Simmons; catchers, Twombly, Wilcox, Bass. Carter did not pitch, but is confining himself to The pitchers had one trial and the

table: Armstrong, '96 S.; Cross, '96; Dater, '95 S.; Treadway, '96; Miller, '97; Simpson, '97 S.; Coonley, '96; Holcomb, '95 S.; Beard, '96; Wheelwright, '97; Langford, '97 S.; Judd, '97; Longacre, '96. The average weight of the crew is 173 pounds. The fact that these men have been sent to the training table would seem to indicate that they will compose the

crew at the great Yale-Harvard race.

Charles J. Everitt, jr., of New-York, has made measurements for the ingenious device invented by Captain Armstrong to pump water out of the Yale shell while it is in motion. The pump is situated under the coxswain's seat, and consists of a chamber 4 inches in diameter and 1 foot long. A pis-

under the coxswain's seat, and consists of a chamber 4 inches in diameter and 1 foot long. A pliston in the chamber is connected to a rod about two feet long, and the coxswain by means of preserve on the rod with his foot can cause the pump to work. It is estimated that six gallons of water can be pumped out of the shell in a minute without interfering with the speed of the boat, but it multiplies the duties of the coxswain.

The National Tennis Association has arranged three dates for New-Haven; Yale Interscholastic meet. May 4; New-England Tennis Association meet, May 2; Intercollegiate tennis championship tournament, October 1.

The following announcement of the junior speakers and their subjects has been made; G. S. Buck, L. H. Porter, A. P. Stokes, C. B. Coleman and E. Hawes, "Revocation of the Edict of Nantes"; P. C. Peck, "Oliver Wendell Holmes"; F. F. Bennett, "Defocts in the House of Lords and the United States Senate"; H. Twombly, "Oratory of the Revolution and the Civil War"

Yale's representatives for the Yale-Princeton debate on May 1 will be selected from the Yale Union and the Yale Kent Club of the Law School, Preliminary debates will soon be sed in each organization, and each will undoubtedly put forth the strongest debaters it possesses. Four men have been entered from the Yale Kent Club—Meesrs, Pedle and Thomas, '95, and Bierkan and MeVey, '85-and when the Yale Union's ontries are complete, a preliminary debate will be held, probably to assign the work and make the final preparations for the month's training, between now and May 1.

and May I.

A new course of bookkeeping and accounts has been introduced into the Yale Law School, and Francis W. Shillitto has been chosen an instructor. The University Glee Club will give a concert in Brooklyn on Friday, April 19, at the Germania Club. Arrangements have been made to hold a ball in the same hall immediately after the concert

### WELLESLEY.

Wellesley, Mass., March 16 (Special).-Miss France Graham Hoyt was chosen president of the freshman class at a meeting held on Tuesday evening. Mrs. S. B. Capron, of India, formerly of Mr.

Moody's Bible school in Chicago, gave a Bible reading at the college Thursday evening in place of the isual prayer services.

ceived one of the two foreign fellowships offered by Woman's Education Association of Boston. The Amherst Glee, Banjo and Mandolin clubs gave The Amherst Glee, Banjo and Mandolin clubs gave a concert in the Wellesley Town Hall this evening. The March number of "The Wellesley Magazine," tast issued, contains a leading article by Dr. Helen L. Webster on "University Education for Women in Germany," and an article of particular interest to former Wellesley students in regard to "Alumnae Representation on the Board of Trustees of Wellesley College," contributed by Miss Ellen L. Burrell of the class of '80.

At an open meeting of the Agora Society, held last Saturday evening in the gymnasium, a representation of a city common council was given.

A course of lectures on "The Morse Foundation" will be delivered in the Adams Chape, of the Union essor John M. Tyler, of Amherst College, on the The programme is as follows: Tuesday, March 26, 8 p. 11, "The Problem; the Mode of Its Solution"; Wednesday, March 27, 12 m., "From Protozoa to Worms; Cells, Tissues and Organs"; Thursday, March 28, 8 p. m.; "Mollusks, Arthopods March 28, 8 p. m., "Vertebrates, Backbone and Brain"; Tuesday, April 2, 8 p. m., "The Evolution of Mind": Thursday, April 4, 8 p. m., "Environ-ment"; Friday, April 5, 8 p. m., "Man"; Tuesday,

April 9, 8 p. m., "The Teaching of the Bible."

A chapter of the fraternity of Sigma Alpha Ep-

Charles Derby, Jr. 82, secretary of the United States Legation in China, has been invited by the faculty to address the students on China and Japan some time in March.

The American Institute of Sacred Literature, of which President William R. Harner, of Chicago which President William R. Harner, of Chicago between any college in American are to be appointed from Princeton. The candidates may choose between a subject, and eight men are to be appointed from Princeton. The candidates may choose between a subject and a New Testament subject upon the general character, purpose, anther ship and probable date of cach book, and the cash contents and literary style. The Old Testament subject will be "The Induced of the Prophetic Order in the History of Israel," The New Testal strated with landers. The Strated with he "The Induced of the Prophetic Order in the History of Israel," The New Testal and subject will be "The Ministry of Chrisa." The Inversity Gim Club held its first spring practice shoet yesterday afternoon. Fourteen mempractice of the Prophetic Children mempractice shoet yesterday afternoon. Fourteen membres: L. G. White, J. F. Hall, L. W. Anderson, F. P. Owenge, H. Hall, L. W. Anderson, F. the theatre could be obtained was after Easter, and, waking in view of this fact, the great expense, the hard mell's times, and the situation of the building, the Board of Directors thought that they were not justified in assuming the responsibility. The authors then made the proposition that the play should be given in the name of the Musical Society, but that they should have the management of it, and should bear all losses, if there should be any, and if any profits were derived from the performance, 20 per cent were derived from the performance, 20 per cent should be given to college athietics. This proposition was immediately rejected by the directors, on the ground that it had been publicly announced that the entire net proceeds of the week's performance would be given to athietics, and also on the ground that this scheme would subject the society to outside management. Various other plans were tried, but proved futile, as the directors were unwilling to produce the play anywhere except at the Manhattan Athietic Club Theatre, and the authors refused to let it be given in that hall. The action of the directors is generally sustained by the student body, and, while there will be no dramatic production this year, that branch of the society will continue as before, and will produce a play next year.

A new organization has been statted at the university to be known as the Musical Society of the Medical Department of Columbia College. It is the plan of the society at present to give a few concerts in New-York and its vicinity, and, after continencement to make a tour of a few weeks. The society consists of a banjo club, a glee club and a mandolin club. The officers are: President, W. P. Van Ness; manager and treasurer, P. H. Lyon; servetary and assistant manager, R. J. Hobel. The question of a suitable course for the triangular race of Cornell, University of Pennsylvania.

W. P. Van Ness; manager and treasurer, P. L. Lyon; secretary and assistant manager, R. J. Hebel. The question of a suitable course for the triangular race of Cornell, University of Pennsylvania and Columbia has not yet been decided, but there seems to be a general belief about college and among the men interested in rowing matters that a course on the Halson will be the one chosen as soon as the less breaks up. Hastings, of Cornell; Hunter, of the University of Pennsylvania, and Richards, of Columbia, will examine the river at Newburg and Poughkoupste to see if a suitable course can be laid out in either place.

The university crew will go into quarters tomorrow in the Macy villa. The freshmen will eat at the training table, although they will continue to live at home. At present the crew is rowing as follows: Plerpoint, stroke, Hubdy, 7; Carter, 6; Pish, 5; Snelder, 4; Prenties, 3; MacGregor and Longaure, 2; Pressprich and Norton, how. The other men are Miles, Irving, Fitzgerald and Putnam. The average weight of the fourteen men is led pounds, while the average weight of the eight as rowing at present is 171 pounds.

## TEACHERS COLLEGE.

The New-York Association of Sewing Schools will hold a meeting at Teachers' College to-morrow at 3 o'clock. Mrs. Woolman, of the Domestic Art Department, will give a talk on class drills, after a will be spent in discussion of

a wing-school work.

A valuable collection of books, known as the "Jones Collection," has lately been presented to Teachers' College by Newbold Morris. The gift comprises "il Vaticano," in eight folio volumes, containing illustrations of the Vatican and its treas ures, and "Il Campidoglia," in two folio volumes, lijustrating the Capitol at Rome. Both these sets are published at Rome, in Italian, and are bound in vel tum. The Jones Collection also contains a series of exquisite medallions from famous works of art. principally from these in the museums of the Vatican and of the Capitol, and Thomason's "Medallic History of England"—thirty-six silver medals, each bearing the head of an English sovereign. A fine set of models has lately been given to the

Peachers' College for the Macy Manual Arts Building. These models, nine in number, represent various parts of the Alhambra. Several of them are enriched with color after the originals.

The regular meeting of the Social Club last Tuesday was devoted to a discussion of books and au-thors. Fifty books were brought by the members of the club, and distributed on tables for easy refer-ence, and the five favorite books were chosen by The monthly meeting of the Auxiliary Committee yas held on Monday, March II, in Hamilton Hall,

was held on Monday, March II. It follows to Columbia College.

Mrs. Frank Porter has recently given Teachers' College a fund of \$2,000, to be known as the Pond Scholarship. Another valuable and much-needed gift has just been received, in the shape of an additional lot of land on the east side of the college.

Mrs. Peabody's lecture on "The Fairy Tale," Monday, March 18, at 2,30 p. m. will be of general interest. Mrs. Peabody will speak of the character of the fairy tale as distinguished from the myth, the tales of East and West, universal and local, and methods of telling the tales.

## STEVENS INSTITUTE.

The Alumni Building Fund now amounts to \$10,000 and is increasing at the rate of \$1,500 per annum. Work, however, will not begin for some time, as the plans and specifications call for a building which

will cost between \$0,000 and \$5,000.

Professor Mayer delivered the first of his series of lectures and experiments on "Heat Radiation" to the sophomore class on Friday. The lectures are interesting, and are always looked forward to eagerly by each sophomore class.

Assistant Professor Manning, of the department of physics and chemistry, has obtained leave of absence for one year, and will go abroad at the close of the college year to study in Germany

The senior class has appointed the following men from the junior class to act as ushers at com-mencement; W. W. Willett, H. M. Hardie, R. L. Rasmus, W. H. Jennings, J. E. Decker and W. C. The indoor hicrosse game played with the Orange

Athletic Club at Brick Church, March 7, resulted in a victory for Stevens by a score of 10 to 7. The weather during the week has interfered with the weather during the week has interfered with the continuation of the outdoor practice, and as the crowded condition of the gymnasium will not permit any stick work, the candidates have been obliged to return to the chest-weights, and Boxing Captain Corpett offers two medals as the first and second prizes for the best individual work in the championship games. They are on exhibition in the library.

The two lower classes have held their annual banquets. The sophomores held theirs at Clark's on Tuesday. The following were the Committee of Arrangements: J. F. Hunter, chairman; G. L. Hutchios, H. C. Mathey, E. C. Warren and T. L. Terry. The freshmen's banquet was held at the Mariborough on Friday evening. The committee consisted of R. C. Post, chairman; W. J. Robinson and L. H. Heminger.

UNION THEOLOGICAL SEMINARY.

### The subjects for the prize in New Testament criticism have been announced as "The Old Testa-ment Economy from the Point of View of St.

Paul, and of the Epistles to the Hebrews," "Recent Theories of the Composition of the Apocalypse, "The Sources of the Acts of the Apostles," "The Prologue of the Fourth Gospel," "The Epistle of James, Its Authority, Date, Readers and Relations to Other New Testament Writings," "The Use of the Term 'Galatea' in the Acts and in Paul's Epistles," "The New Testament Citations of Justin Martyr." An essay on one of these subjects

must be handed in before January 13, 1896. The prize is \$169 and is confined to the middle class. William Adams Brown has been elected by it Board of Trustees to fill the chair of dogmate. Mr. Brown has been an instructor in the seminar for some time.

for some time.

Dr. W. S. Rainsford will address the Homileti
Society to-morrow night.

At the regular annual meeting of the City College Club, on Saturday evening, the election of officers re weiner; second vice-president, Professor Adoiph Weiner; second vice-president, John Hardy; secretary, J. C. Burns; treasurer, G. Legras; Board of Managers, Dr. C. Doremus, C. L. Holt, Professor Tisdal, F. Shack, The City College Cith Tisdall, F. Shack. The City College Club was organized several years ago, with the object in view of bringing together the graduates and undergraduates. Any student of the college who has finished his sophomore year and any alumnus to eligible to membership in the club. Many pleasant gatherings have been held and a library has been collected. The present quarters of the club are at No. 302 Lexington-ave., but they will probably be changed about May I to more pleasant quarters.

The Track Athletic Team has sent a challenge to the athletic association of the University of the City of New-York for a joint set of athletic games, City of New-York for a joint set of athletic games, to be held this spring. The university team, however, refused to accept the challenge, maintaining as a reason that on account of just having moved to the new location, the team is in a too unsetted condition to enter any games this spring. At the outdoor games of the University of Pennsylvania, to be held in April, there will be relay races, in which teams from a number of colleges will be netered. The City College will be pitted against the City University. In the event of the City College entering, it will be expresented by G. Lyons, '98, first position; J. K. Roll, '97, second position; W. M. Wechsler, '95, third position, Fourth position, Will be contested by D. Gerard, '95, F. A. Allmuth, '95, F. Onderdonk, '98, and T. A. Beanett, '96.

### NORMAL COLLEGE.

In December last the board of "The Normal College Echo" offered three prizes, one for the best story, to be written by a student of the college; one for the best poem, and one for the best article. The object of the prizes was to encourage the young women of the college in literary endeavor, and to All competitors were obliged to hand their efforts in by January 15. The award has just been made, and resulted as follows: For the best story, Miss Lucy Wood, of D third; for the best poem, Miss Amelia Burr, of A C second; for the best article, Miss Eva J. Brummer, of A C fifth.

Miss Harriet S. Jenks gave three lessons in song and games in the Calisthenaeum on Thursday, Friday and Saturday. The money which has been raised from these lessons, after expenses have been deducted, will be used for the support of the

Alumnae Kindergarten. on next Friday afternoon there will be a talk Professor Dundee upon Jonathan Swift. Also

Professor Dundee upon Jonathan Swift. Also a synopsis of his travels by members. The debate for the afternoon will be. "Resolved. That the novel has more influence for good than any other uninspired book." Affirmative, Miss Kallske, negativa, Miss More. On March 39 the Alumnae Association will give a dramatic entertainment, both afternoon and evening, at the Alumnae House, No. 46 East Seventy-second-sit. The entertainment will be given for the benefit of the kindergarten. On account of the burning out of the printer, the alumnae paper has been delayed in its appearance, but will probably come out next week.

At a special meeting of St. John's Dramatic So. ciety, held on Wednesday evening, business relat-ing to the coming play and to the admission of new members was transacted. John D. McCarthy, '95, president of the society, was in the chair. membership of this association is limited to forty, only three new members could be admitted. Those elected to membership were Charles P. Carr, '97; Lawrence P. Monahan, '97, and James T. Donovan,

ing in Science Hall was "Which Was the Better President, Washington or Lincoln?" Messrs. Burrow and Dockery, of the senior class, spoke in favor of Washington, and Messrs. Delehanty and Calkins, of the junior class, for Lincoln. After a very close

The third lecture on "The Beauties and Eleganor of the Latin Language" was delivered by the Rev. M. A. Mandalart, S. J., during the last week.

Lieutenant Granger Adams, commander of the battailon, continues to drill the different companies in
the bayonet exercise. As soon as the weather
permits, outdoor drill by companies will be held on

the campus.

Thursday afternoon the first baseball game of the season was played between the first and second teams. Captain Delehanty was much pleased by the showing of the men, who worked hard and played well together. The first college game of the season is to take place March 26 with the University of

## GENERAL THEOLOGICAL SEMINARY.

E. T. Huntingdon, of Berkeley Divinity School, Middletown, Conn., addressed the members of the Missionary Society on Thursday evening. uation, in June, Mr. Huntingdon will be sent to China by the Church Students' Missionary Assochation. He was at one time a student at the sem-

inary. The Rev. Robert S. Fairbairn, warden of St. Stephen's College, will deliver his third special incure on the subject. The Unity of the Faith as Influenced by Speculative Philosophy and Logical Deduction," on Tuesday. The special topic for dis-cussion is "Roman Doctrine a System of Rational-

# ism." Dr. Body addressed the students of the Devotional Society on Friday evening.

CITY UNIVERSITY. At the meeting of the faculty held on Thursday, the commencement day honors were awarded by the appointment of the following speakers: Valedictorian, J. Oscar Boyd; salutatorian, Henry Kirby; philosophical oration, Walter D. Ludlum; scientific oration, Julius A. Becker, crations, Arthur H. Howland; Henjamin H. Stern, Charles S. Deming, Orrin W. Snodgrass, George W. Osborn and Harry H. Banks. The faculty has also decided that, beginning

next fall, the hours of recitation be changed by be-

ginning at quarter past 9, instead of at 9, as at

present.

Professor Charles B. Bliss, of the School of Pedsgogy, has just completed an invention for the purpose of measuring the time required for mental reaction. The new chronoscope consists of a pendulum about two feet long, swinging on a pivot a little above its centre, so balanced that it swings through its are in one second. On the same axle there is suspended a light pointer, held by a delicate spring in such a position that the pendulum, in swinging catches it up and carries it along until the pointer is stopped by a spring under the control of the operator. The pendulum, on striking the pointer, causes a disc to drop. As soon as the operator, watching the disc, sees it change, he presses a button and releases the spring which stops the pointer. As the pointer has meantime been moving along an are graduated to one-thousandth of a second, on stopping the pointer the exact interval between the fall of the disc and the pressing of the button can be read off at once. Besides this work in reaction time, the instrument can be used for various other purposes where it is necessary to measure with great accuracy periods of time less than one second. The chronoscope was made in the Yale laboratory workshop by J. Hogan, the mechanic, and has been thoroughly tested by Dr. E. W. Scripture, who was unable by the best tests that could be made upon it in the Yale Psychological Laboratory, to detect any error whatever in measurements.

The new Havemeyer Chemistry Laboratory has just been completed and opened for work. It is a two-story building of Roman brick, with a ground plan 69 feet by 70. The principal feature of the laboratory is the lecture-room, occupying half of the main floor and cellar, and with seats arranged in amphirheatre form. The lecture-room seats more than 100 students. The equipment of the laboratory desks is very complete, each student having a designic file of the property of the seats arranged in the upper floor, which draws up the gases and impure air.

The undergraduate students from the Brooklyn High School have formed a High School association pointer has meantime been moving along an are

pure air.

The undergraduate students from the Brooklyn
High School have formed a High School association
and have elected as officers: President, J. Oscar
Boyd, '6; vice-president, Charles G. Wheeler, '8;
secretary, Francis T. Clayton, '96; treasurer, J. H.
Pritchard, '96; registrar, Lawrence W. Whitney, '8.

### BARNARD.

On Tuesday afternoon Professor Jameson, of Brown University, delivered a lecture on "The Whigs and Tories." It was the first of a series to be given from the chair of American history which has recently been presented to the college by the New-York City Chapter of the Daughters of the American Revolution. Mrs. Donald McLean, the regent of the chapter, made an opening address, and Bishop Potter formally presented the gift to Miss Smith, dean of Barnard. The dean then made an address of thanks in the name of the college. Sufficient contributions have been received to establish a Barnard chapter of the College Settle-ment in Rivington-st. This will give Barnard two votes on the Electoral Board of the College Settle-ment.

ment.

A musical society, consisting of members from the various classes, has been organized.

Work on "The Barnard Annual," which is to appear about May 1, is well advanced.
